Adriel Gama

Mid Level Front-End Developer

I'm a Front-end developer with 4 years of experience in responsive web projects. I have advanced skills in JavaScript, ReactJS, and TypeScript, as well as knowledge of modern Front-end technologies like Styled Components and Figma. My strength lies in translating complex designs into interactive and efficient interfaces, ensuring compatibility with various browsers and devices, with the aim of delivering innovative solutions that enhance the user experience.

Work experience

Jul/2021 – Actual

Mid Level Front-End Developer
Farmácias APP, São Paulo – Brazil (Remote)

- Development and maintenance of user interfaces in responsive web projects, using ReactJS, TypeScript, NextJS, Styled Components, Storybook, Stitches, JavaScript, and other modern front-end technologies.
- Collaboration with design and development teams to ensure a consistent and efficient user experience.
- Integration with RESTful APIs and other back-end tools to implement interactive and dynamic features.
- Ensuring compatibility of developed interfaces with various browsers and devices.

Jan/2021 to Jul/2021

IT Project Assistant
Ramiro Campelo Comércio de Utilidades, Salvador – Brazil

- Identifying inconsistencies and reporting them to the Analyst.
- Performing data collection activities using SQL queries.
- Importing data using Report Builder.
- Deployment and testing of internal systems.
- Reporting results to project leadership, managing schedules, providing support, and addressing incidents in internal development systems and applications using HTML, CSS, JavaScript, React, TypeScript, and Styled Components.

May/2021 to Jun/2021

Junior Front-End Developer
Beta Sistemas, Mossoró – Brazil (Remote)

- Create websites, landing pages, hotsites, SPAs, blogs, or optimized and responsive web applications using HTML, CSS, React, TypeScript, and Styled Components.
- Perform ongoing maintenance and continuous improvement of these platforms.
- Optimize applications to ensure usability and responsiveness, while ensuring smooth operation across different browsers and devices.
- Execute various tasks, emphasizing communication and transparency to deliver excellent service.
- Support the team in performing various tasks as needed, ensuring agility and efficiency.
